

## BAD CASE

Said to Be Against One Randle  
McNiley.

NOW IN JAIL AT MURRAY.

His Case Is Set For Next Monday.  
Threats of a Lynching.

ASSAULTED AN AGED LADY.

There is a strong probability that Randle McNiley, the negro arrested at Murray day before yesterday on a charge of attempted outrage, will be lynched.

This information came from Murray this morning. McNiley, as will probably be recalled, was arrested for assaulting Mrs. Tuttle, an aged and highly respected lady. The Calloway "Times" says of it: "She was going from her home to a neighbor's when, it is charged he grabbed her from behind. Her screams brought neighbors to the scene and the negro fled. He at first refused to be arrested but a pair of building persuaders in the hands of determined men soon brought him to terms."

The trial was set for yesterday, but continued until next Monday, and the prisoner was remanded to jail.

It appears that public sentiment grows stronger against him every hour, and last night there was more talk of lynching him.

Today there are still stronger threats made against him, and it was openly predicted that as a lesson to others premeditated to such conduct he would be summarily dealt with before the trial.

McNiley has lived about Murray for the past two years, working on the railroad, and at odd jobs when he had nothing else to do. He is a large man, and his reputation has never been the best.

RICHTEST QUARTZ LOCATED.

Alaska Prospectors Make Another  
Big Strike in the Hills.

Seattle, Wash., July 27.—The reports from the Klondike region received last night indicate that supply of food is running very low. Canned meat is selling at \$2.50 to \$3.00 a can. Hams are not to be had at any price, but could easily be sold for \$50. Cheese sold at \$2 a pound, crackers at the same price and raisins and such delicacies even higher. It is expensive living, but when the vessel laden with supplies arrives and its precious cargo is taken to the diggings there'll be a great feast.

The latest rumor from Alaska is of the discovery of wonderfully rich quartz in large quantities on the Stewart river. Particulars are vague, and beyond the fact that the ledge is a large one that the rock assays \$300 nothing can be learned.

This, if true, will mean much for the Klondike district. The Stewart river runs into the Yukon not far above Dawson, and it is reasonable to suppose that the placer gold now being found below may have its origin in the mountains at the head of the Stewart river and neighboring streams.

The Alaska "Seaside" publishes a letter from Wm. Moore, of Fortunate Camp, Skagway, Alaska, stating that the White Pass pack train to the summit of the pass was opened for travel July 16. On reaching the summit the traveler steps upon an almost level country, the grade to the lakes being thirty feet to the mile. The distance from salt water to the Toocool lake is thirty miles, and from salt water to the head of Lake Bennett the distance is forty-five miles. Both routes from the summit are through rolling country, for the most part open, with plenty of grass for feeding stock, water and sufficient timber for all purposes. From salt water to the summit stock and pack horses can be driven through easily.

A DOUBLE KILLING.

Two Mountain desperadoes Fight  
It Out.

Wintersburg, Ky., July 28.—Dick Williams and John Sowers, of this place, engaged in a fight yesterday and the result is that Williams was shot and instantly killed by Sowers, after the former fatally stabbed the latter.

DYING OF STARVATION.

Gold Diggers With Hundreds of  
Dollars Could Buy No Food.

Duluth, Minn., July 27.—W. A. Foote of this city, has just returned from Seattle, where he had a number of successful ventures with miners who have just returned from the Klondike. The stories of the vast richness of the country, M. Foote says, are almost beyond belief, but unless one has sufficient food for at least eighteen months he is likely to suffer for the want of it. Men with thousands of dollars' worth of gold dust were begging for bread just before the boat came up the Yukon only in the spring. People who had provisions at all only had enough to satisfy their own wants and would not sell supplies at any price. Many suffered from want of proper clothing.

## BIG MEN THESE.

Illinois Central Inspection Party  
Goes Through.

HAD A COUNT, TOO.

Vice-President Harahan Expresses  
Satisfaction With the River  
Front Improvements.

REMAINED HERE BUT A SHORT TIME.

At 12:10 today four elegant palace cars backed into the Union depot. They contained several of the biggest railroad magnates in the United States.

It was a special train bearing the inspection party of Illinois Central officials to the Ohio Valley road, to make an inspection of this, the latest acquisition to the great system which already boasts of 12,394 miles of track extending into twelve different states.

In the party were President Stuyvesant Fish, Second Vice President J. T. Harahan, Assistant General Manager M. C. Oakes, Col. J. B. Lyon and Count Pilsa County, all of Chicago, the latter two being capitalists and stockholders in the railroad.

The party was met here by Trainmaster J. J. Flynn and Supr. W. J. Harahan, who left with the party after the departure of the 12:10 south bound passenger for Princeton.

From Princeton they go to Hopkinsville, thence over the Ohio Valley road. They came here via Fulton.

Second Vice President Harahan, while at the Union depot walked down and took a look at the new double line, and at the grading that has just been completed for the river front improvements.

"What do you think of the work?" he was asked by a reporter. "Well, I haven't seen much of it," was his pleasant reply, "but it has the appearance of being well performed."

"And that road around there," he continued, "is a very costly improvement, and a great advantage to the city."

The party remained here fifteen minutes or more, and will probably come through Paducah on its return.

CONTROL OF GREEK FINANCES.

Claim That It Is Necessary to Secure  
the War Indemnity.

Hellin, July 27.—The Cologne "Gazette" says that several of the powers, including Germany, have adopted the standpoint that the evacuation of Thessaly by Turkey cannot be demanded unless indemnity by Greece is paid or guaranteed. As payment of indemnity by a loan is out of the question, the only alternative, the "Gazette" says, seems to be international control of Greek finances, and unless some such arrangement is included in the treaty of peace between Greece and Turkey, it is questionable whether Germany will recommend the Sultan to accept the treaty.

MORE MEN PUT TO WORK.

Large Movement of Coal From the  
West Virginia Field.

Wheeling, July 27.—The coal strike in this state did not show any change today. At Fairmont the Monongahela added a number of men to their working force, and 160 men employed, about two-thirds of the force before the strike. Eighty men came into the field from Connellsville, and were put to work in the various mines. All the Watson mines are working full, as are the Gaston, Montana, New England and West Fairmont.

OFF FOR HIS VACATION.

The President Has Gone Out Will  
Think of Paducah and  
Mayfield.

Washington, July 28.—The President left this afternoon for his vacation on Lake Champlain.

He will appoint the M. J. Field, Paducah and Lexington postoffices while absent.

SENATOR DEBOE

Talks State Politics to a Few  
Friends at Louisville.

Senator W. J. Deboe held a conference at the Galt House yesterday afternoon with several prominent Republican politicians, says a Louisville correspondent. Among the number were: Insurance Commissioner D. N. Conning, of Louisville; Secretary E. J. Hampton, of the Republican state central committee; United States Marshal A. D. James, Mr. A. T. Heed, and Mayor Todd.

The subject of the election was a range and the outlook for the campaign this fall. Senator Deboe informed Mayor Todd that just before leaving Washington the President said to him: "I will appoint Mr. Sapp as collector before I leave on Wednesday for my vacation."

"So you may look for his nomination tomorrow," said the Senator. He told Mr. Conning that his appointment as collector would be made

## ENGINES COLLIDE.

Damaging Wreck at Ninth and  
Tribble Streets.

NBODY WAS INJURED.

The Switch Was Not Thrown and  
the Locomotive Caught  
Together.

OTHER ILLINOIS CENTRAL NOTES

A disastrous collision of Illinois Central locomotives occurred about 5 o'clock this morning at the intersection of Tribble street and the railroad, but fortunately no one was injured.

Engine No. 1190, in charge of engineer Pat Grogan and fireman Frank Harris, had just arrived from Fulton with the 7:50 passenger train and after being uncoupled started for the round house.

Engine No. 134, in charge of engineer Greaves and fireman Hunter, was in readiness to carry the train on towards Louisville, and had started back to the train.

The switch at Tribble and Eighth streets had not been thrown by switchman Owens, and instead of the outgoing engine passing the other on separate tracks the latter backed into the rear of engine 1190 as it passed into another track.

The blow was a hard one, and the tank of No. 134 was so demolished that all the water ran out, the right cylinder knocked off, the piston rod bent and the port cracked almost off.

Engine No. 1190 had her tank badly wrecked and the rear trucks and wheels were knocked completely off.

A fresh locomotive was telephoned for and the passenger train was carried out fifteen minutes late by engineer Thompson and fireman Colburn.

Conductor Miller and fireman Josh Beeson carried out President Fish, assistant general manager Gillette and vice president Harahan on the special which arrived at noon.

Sen. W. J. Harahan came in last night from Louisville.

President Stuyvesant Fish and Vice President J. T. Harahan passed through Paducah on a special train about noon en route to the Ohio Valley road, to make a tour of inspection.

They would confirm the belief that the C. C. bought the O. V. road.

Mr. E. H. Bowyer, an civil engineer, is in the city.

Conductor H. G. Thompson, of the Memphis division, is on today on a visit to his wife.

NOT UNDER CIVIL SERVICE.

So Holds Judge Barr as to Inter-  
nal Revenue Office  
Deputies.

Dr. A. D. James, the newly appointed Republican United States marshal for Kentucky, was a visitor this morning in the United States circuit court, says the Louisville "Post." Judge Barr holding that the deputy in the office did not come within the purview of the civil service act, and that their terms of office expired at the time the term of their principal, Marshal James S. Blackburn, expired.

The question arose in the case of Lee J. Doolley, who held the position of bookkeeper under Marshal Blackburn, and who brought an injunction suit against Dr. James to prevent the question of whether or not the office deputies were under the jurisdiction of the civil service.

Judge Barr held that the office deputies were upon the same footing as the field deputies, and as there had been no question raised as to the right of the marshal to remove his field deputies, that they held office at the will and convenience of the marshal and that their term of office terminated at the expiration of the term of office of the marshal who appointed them.

Doolley's motion for a temporary injunction against the new marshal was overruled. The question will come up again next fall on a motion for a permanent injunction before the judges of the United States court, but it is safe to say that, as the court refuses to grant temporary relief, that the motion of permanent relief will be refused also.

### FIRE AT FULTON.

Kitchen of the New Hotel There  
Badly Burned.

The blaze started, it is supposed,  
from the oven—no great  
damage done.

Fire broke out in the new hotel at  
Fulton this morning at an early hour,  
and while little damage was done,  
there was for a time great excite-  
ment.

### FOR HOUSEBREAKING.

Man in the County Warranted for  
Stealing Meat.

Giles Cox was warranted by Jus-  
tice Winchester this morning on a  
charge of stealing two sides of meat  
from Cl at Kean.

The accused lives in the lower part  
of the county and it is said broke  
into the plain, smoke house and  
stole the meat. The charge is house-  
breaking, and the warrant was given  
to constable Anderson Miller to  
serve, and he left with it this fore-  
noon.

It is said that plundering has for  
some time been committed in that  
section, and that a gang of thieves  
will soon be broken up.

and other officers were elected. Yester-  
day on the ferry boat two wagon  
loads of liquors, etc., were taken  
over, and today a saloon was opened  
by Mr. John Bernes. Hamlettsburg  
seems to possess a progressive spirit.

West Court street house, was re-  
sented today for using insulting lan-  
guage towards Will Settle, a butler.

**Lafayette Park tonight.** "Buttons"  
a great play. Good music.

**W. G. T. U.**  
The members of the W. G. T. U. are  
urged to attend the convention to-  
morrow at 4 o'clock in the Central  
Hall (Prohibition church). The  
superintendents are requested to bring  
their reports as to a building, man-  
aging and we want a good attendance.  
Don't let the hot weather keep you  
from coming.

Tuesday and Wednesday, a fine  
pool, Krentzer & Newman. 2834

**Broke Jail at Murray.**  
Tom Macke, a saddle-colored youth  
of bad repute, who was in jail  
charged with stealing, managed to  
make his escape this morning, says  
yesterday's "Call" was "Times". He  
was placed in one of the side rooms  
and succeeded in breaking the lock,  
admitting him to the jail yard where  
he scaled the "fence" and "lit a  
shuck" for liberty. The community  
will be blessed by his absence; if he  
will only stay away all will be for-  
given.

### Change of Ownership.

### Baseball Notes.

The last of the Madison baseball  
club to leave was Tom Noonan, who  
departed this morning for the Fowler  
for Sparta, Ill. "Socale's" Mar-  
ray is still here, however, and may  
before the season closes, organize a  
nine to play neighboring cities, al-  
though no step in this direction has  
yet been taken.

### A BICYCLE FALL.

**Broke Chisel Charlie Voigt's**  
Wheel Last Night.

Chief of the Fire Department Chas.  
Voigt has been in a plaster of  
Paris case today. Last night, while  
riding on South Third street, he fell  
from his bicycle, injuring his wrist.

After getting the number began  
paining him and he went to Dr.  
Robertson. It was then found that  
the wrist was broken, and the Chief  
as a result will be unable to use his  
arm for some time.

**We have hired up one of the nicest**  
barber shops in the state in the room  
next door to Detzel, formerly occu-  
pied by Detzel for a restaurant. We  
have employed Kelly and Sandy  
Slattery, two well known barbers,  
to assist us. Our motto is polite at-  
tention, clean towels, and sharp raz-  
ors. Thanking our customers for  
past favors, and asking them to con-  
tinue with us, and the public at  
large, we remain,

### AN AGED COUPLE DEAD.

Shock of the Wife's Death Caused  
the Death of the Husband.

Mrs. Lee Hall, aged seventy-five  
years, living in Tigg county, died  
Saturday very suddenly of heart  
trouble. She was well a few minutes  
previous to her death. The shock  
prostrated her aged husband, and he,  
too, died last evening of grief over  
the event. They were reputable  
pioneer citizens of this section of  
Kentucky.

## PADUCAH AUCTION AND STORAGE CO.

22 and 24 Court St. Cor. 3d & Court.

## DIDN'T MEAN

Street Rollers, Says Judge San-  
ders Today

IN THE ROLLER CASE.

Engineer Joe Miles Can Keep on  
Moving His Big Lo-  
comotive.

**REV. BREUHAUS**  
Leaves Paducah to Return to  
His Old Home.

Resigned Last April, But It Was  
Never Made Public

**POLICE COURT PROCEEDINGS OF TODAY.**

The Street roller rolled onward to  
victory today. Judge Sanders,  
when the case against Engineer Joseph  
Miles came up this morning, de-  
clared that the Kentucky statute pro-

hibiting the operation of traction  
engines over public thoroughfares, did  
not refer to such as the street roller.

The legislature, Judge Sanders  
thinks, had in contemplation when  
the law was passed, those engines,  
etc., that are carried about the coun-  
try from place to place, and not  
street rollers.

The case against Engineer Miles  
was dismissed, and M. J. E. Ro-  
bertson, for tossing pellets at the en-  
gine, was fined \$1 and costs.

**TWO DWELLINGS BURNED.**

Destructive Blaze on Clay Street  
This Afternoon.

The Water Mains Were Too Far  
Away to Do Much Good.

Two frame houses, 935 and 937  
Clay street, occupied by Tony Shan-  
non and Jerry Lewis, colored, were  
destroyed by fire about 2 o'clock this  
afternoon.

The blaze was discovered in the  
roof of Lewis' dwelling, and an alarm  
was sent in from East Lilly's corner.

The fire department, however, was  
handicapped by a lack of water, as  
there are no water mains on either  
Clay or Harrison street, and they had  
to go to Trimble after it.

The houses burned like paper, and  
were soon destroyed, some of the  
household goods being saved.

The property belongs to Mr. W.  
G. Weyfield and the loss will be  
about \$500 on each house, partially  
covered by insurance.

**BEGAN TODAY.**

Work of Completing the New  
Methodist Church.

The Handsome Building Will Be  
Finished by December 1.

Contractor J. M. Hyrd today be-  
gan the work of completing the new  
M. E. church at Broadway and Sev-  
enth streets, and his work, according  
to contract, must be completed by  
December 1.

The Six was the first paper to pub-  
lish the well-known news that the hand-  
some church was to be finished, and  
it was the first to work his now begun  
pleasant news to all.

The pastor requires every body  
connected with the church to be present  
at the dedication to be held at 8 o'clock  
on Tuesday, and everybody interest-

ed in the church is asked to at-  
tend.

The big structure, that has so long  
been called an historic ruin, now  
glows with the noise of the hammer  
and saw, and will shortly be the  
place of worship as the force of women  
in the city.

**A DYNAMO SHORT**

And This is What "Falls" Our  
Lights.

Chairman E. E. Bell, of the fire  
committee, states that the trouble  
with the electric lights is that the  
dynamo power is at present insuffi-  
cient to supply the light.

The city has an additional dynamo  
on its way, however, and will be put  
in place when it arrives and is put up.

**ABLE TO SIT UP.**  
George Winkley in a Fair Way  
to Recover.

He Has Been Rapidly Improving  
Since Monday Afternoon.

George Winkley seems deter-  
mined to cheat the Grim Reaper, even if it  
has to break into the "perforating"  
method.

This obituary has been written  
in several contemporaries, but it still  
clings on to this mortal coil with a  
determined grip, and everybody interest-
